

# Vue.JS

**The Progressive  
JavaScript Framework**

Yonathan Stein  
Calvin Ávila Custódio

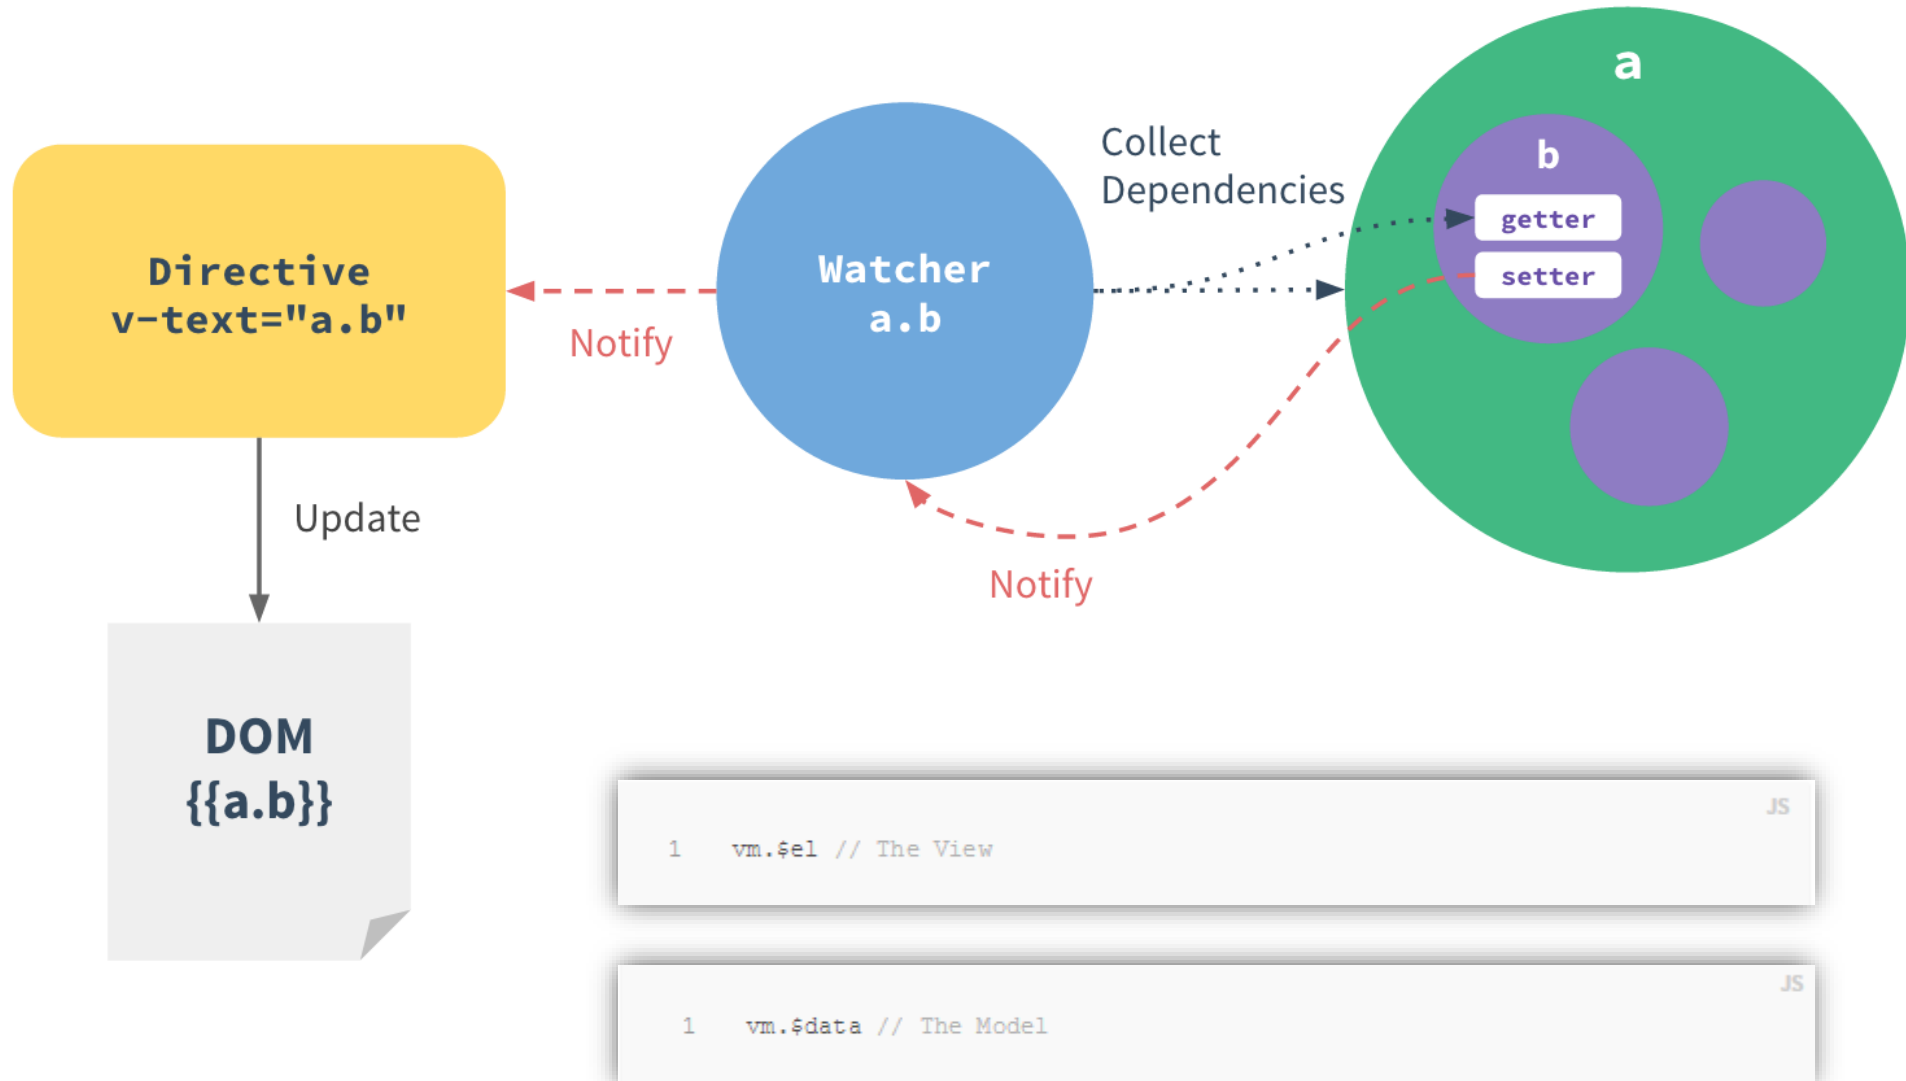

# # Arquitetura

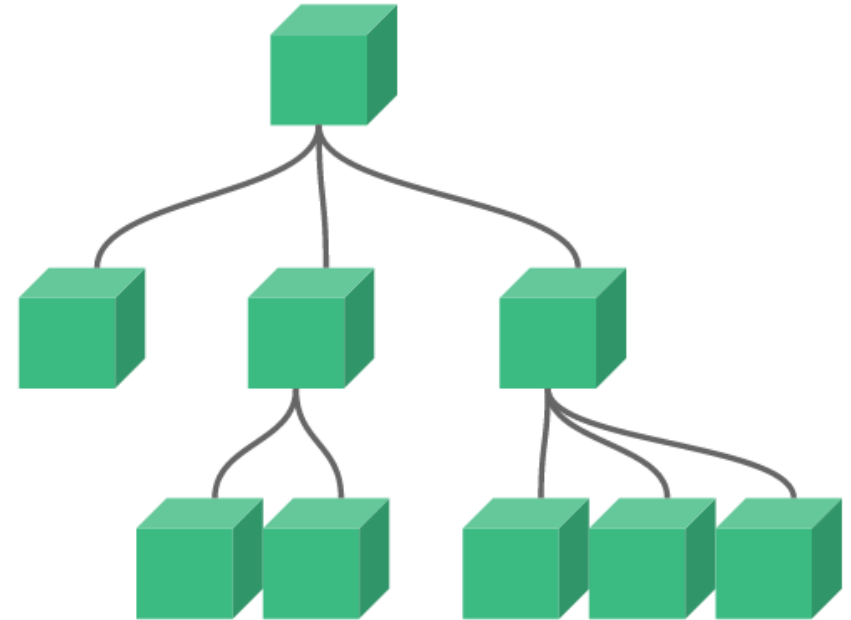

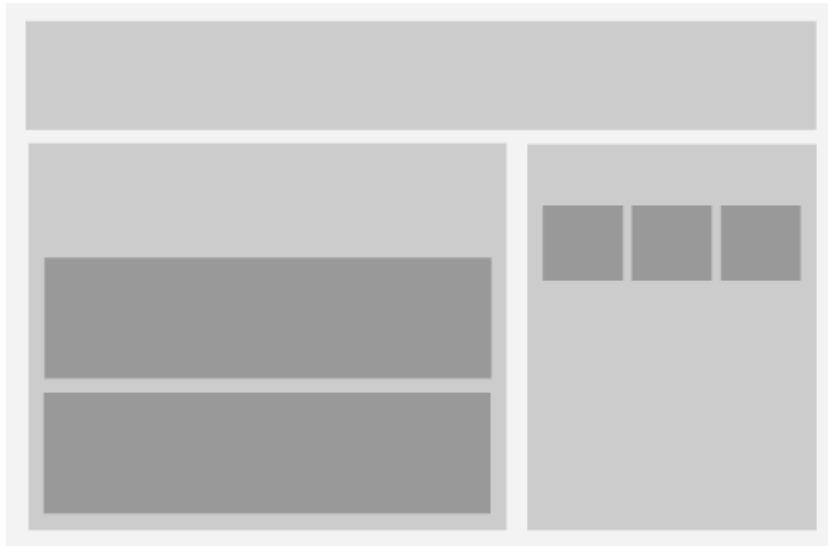

```
1 var vm = new Vue({ /* options */ })
```

JS

# # ViewModel

# # Componentes

```
1 <my-component>
2   <!-- internals handled by my-component -->
3 </my-component>
```

HTML

# # Exemplo

HTML

```
1 <div id="demo">
2   <h1>{{title | uppercase}}</h1>
3   <ul>
4     <li
5       v-repeat="todos"
6       v-on="click: done = !done"
7       class="{{done ? 'done' : ''}}">
8       {{content}}
9     </li>
10  </ul>
11 </div>
```

JS

```
1 var demo = new Vue({
2   el: '#demo',
3   data: {
4     title: 'todos',
5     todos: [
6       {
7         done: true,
8         content: 'Learn JavaScript'
9       },
10      {
11        done: false,
12        content: 'Learn Vue.js'
13      }
14    ]
15  }
16 })
```

## TODOS

- Learn JavaScript
- Learn Vue.js
